TECHNICAL SKILLS

- Web Development
- Android App Development
- Machine Learning
- Deep Learning
- Blockchain
- Big Data and Analytics
- Basics of Cyber Security
- Data Analytics
- Operating Systems
- Computer Networking
- Object Oriented Programming
- Data Base Management System

PROGRAMMING LANGUAGE

DATABASES

- MYSQL (Proficient)
- Mongo dB (Basic)
- Cassandra (Basic)

SOFT SKILLS

- Leadership
- Teamwork
- Communication
- Time Management
- Project Management

RATINGS

- CodeChef – 1539
- CodeForces – 1458
- Google Kickstart – 1866

PROFILE

Strong in design and integration with intuitive diagnostic skills. Proficient in C++, JAVA, PYTHON and SQL. Crazy about implementing and launching new projects. Ability to translate business requirements into technical solutions. Looking to start the career as a software engineer with a reputed technology driven firm.

06/2020 – 07/2020

- Database management and data analysis of data from primary and secondary sources.
- Built a desktop application for day to day requirements like attendance, Records, etc.
- Identified, analyzed, and interpreted trends in complex datasets, filtered and cleaned data using reports and performance indicators to debug code problems.
- [Letter of Recommendation](#) awarded for working on advanced analytics areas like deep learning and complex statistical data analysis, develop analysis, forecasting and optimization methods/models to provide the business solution to the clients.

EDUCATION

COURSE	INSTITUTE	UNIVERSITY	YEAR	MARKS
B. E	Netaji Subhas Institute of Technology	University of Delhi	2017-21	6.2/10
12 TH	K.V 2 Delhi Cantt	CBSE	2017	84%
10 TH	K.V 1 A.F.S Adampur	CBSE	2015	10/10

PROJECTS

- [Image Captioning Bot](#)

DEEP LEARNING, NEURAL NETWORKS, and NLP

- Trained on 80,000 images to make a machine self-sufficient for handling complexities and capable of detecting object properties, interactions, and location.
- Recognizing One principal object, attributes, and relationships in an image and generating syntactically and semantically correct sentences.

- [Football Management System](#)

JAVA and MYSQL

- Storing and analyzing records of various events, teams, players and match records.
- Achieved 99 % accuracy in generating match fixtures, results, ranks, team statistics, and player performance reports.

- [Shopping Mall Management System](#)

C++

- Establishing an easy interface of full management functionalities for individual shops.
- Computerizing the end to end process of retail supermarket purchase, inventory, sales, and billing process.

- [Personal Portfolio Website](#)

HTML, CSS, JavaScript, NodeJS, SQL

- Complete Website Development from Scratch to End and hosted locally using Express.
- Frontend Developed using HTML, CSS and AngularJS on client side, for server Side used Express framework on NodeJS for server creation and MySQL for Database.

OTHER ACTIVITIES

- [Management Intern at Vardhan Consulting Engineers](#)

- Evaluation of various corporate strategies through real life case study and analysis.
- [Letter of Recommendation](#) received for the hard work on content, representation and proper formatting of the internship project report.

- [Internshala Student Partner](#)

- Sharing internship and training offers to promote the culture of internship and online training on the campus.

CO-CURRICULAR ACHIEVEMENTS

- Bronze medal in Chess at Triquetra held at DTU
